

*Announcement from the Dentists and Staff at Columbia Dental:*

## **NOTICE OF TEMPORARY CLOSURE**

Our top priority is the health and well-being of our patients, families, staff and community. In this unprecedented time, we are deeply committed to keeping everyone safe.

In light of the evolving pandemic and the recent information about the attendees at the Pacific Dental Conference potentially exposed to the Corona virus, we have decided to close our practice for the remainder of March or until we have further knowledge from authorities.

Those of us who did attend the PDC are now self quarantined and those who did not attend are self isolating and distancing for safety measures.

If you were a patient seen in our office during the week of March 9 to the 13th, please self monitor and call 811 to find out how to get tested if you should develop symptoms. Otherwise, please self isolate at home as directed by our Prime Minister and health

officials and use proper handwashing technique constantly.

If you should have an urgent dental emergency please call the office number 250-372-1455 and leave a message or the emergency number provided and someone will return your call to assess your concerns. We will continue to evaluate the situation as it evolves and will notify everyone when it will be safe to resume.

We wish all of you continued health and well being during this difficult time. Once again, if you should have any questions or concerns, please call the office or send an email to [columbiadental300@gmail.com](mailto:columbiadental300@gmail.com)

Sincerely,

Dr. Felian Cabael DMD
